KENSINGTON PALACE

14th December 1994

Dear Susan & Team,

Another year passed already! So good to hear from you all again and also pleasantly surprising to get your update on the total raised to date through your auctions over these past four years.

I am so happy to hear that you have recovered from your poor health, and hope that it does not dissuade you from continuing in your efforts with the help of your hard working team.

Again, it gives me great pleasure to support your charitable work with this selection of items for auction and wish you and your team all the best of luck, and comes with my utmost regard.

Love,
Diana

Susan Jones and team.
